

Boulos Chaaya

Full-Stack Developer

bouloschaaya92@gmail.com · Beirut, Lebanon · github.com/bouloschaaya · linkedin.com/in/boulos-chaaya-30a57a289

SUMMARY

Full-stack developer based in Beirut, Lebanon. Builds web applications end to end — architecture, backend, UI, and deployment. Builds and ships SaaS products independently. Available for remote opportunities.

EXPERIENCE

Full-Stack Developer (Freelance) Hospitality Venue · Beirut	2025
• Built a mobile-first website: menu display, reservation flow, gallery, and contact form. • Designed, developed, and deployed the full product end to end.	
Full-Stack Developer (Freelance) Ecommerce Client · Beirut	2025
• Built a complete ecommerce platform — catalog, cart, checkout, order management, and admin panel. • Production-ready and actively used by the client's customers.	
Web Developer (Freelance) ZadAgency · Beirut	2024
• Built the full agency website from scratch — live at zadagency.vercel.app. • Services showcase, portfolio gallery, contact form, SEO, and Vercel deployment.	
IT & Support DEP (Design Engineering Partner) · Antelias	2018 – 2019
• Excel VBA automation, network and Windows troubleshooting, IT infrastructure support.	

PROJECTS

HR & Payroll SaaS	Next.js 15 · Auth.js v5 · Prisma · PostgreSQL · Redis
• Multi-tenant HR platform — employee directory, payroll engine, time tracking, PTO, and ESS portal.	
Invoice SaaS	Next.js 15 · Stripe · React-PDF · PostgreSQL
• Multi-workspace invoicing — Stripe payments, PDF generation, client portal, and revenue dashboard.	
Portfolio Website	React · Hono · tRPC · Drizzle ORM · Neon
• Full-stack portfolio with admin dashboard, blog, contact management, JWT auth, and security hardening.	
ZadAgency Website	Next.js · Tailwind CSS · Vercel
• Client website live in production — zadagency.vercel.app
